

- Hands on training on formulation and characterisation of Nano particulate drug delivery systems.
- Preclinical animal models and drug evaluation techniques
- Hands on training on analytical instruments.
- Training seminar on neuropharmacological evaluation of natural pharmaceutical agents.
- Workshop on Computer Aided Drug Design
- Workshop on Molecular Biology Techniques.
- Seminar on Formulation and Characterization of Nanoparticulate Drug Delivery System.
- Workshop on Medical Writing.
- Seminar on Advances in Natural Medicines, Nutraceuticals and Herbal Cosmetics.
- Seminar on Recent Trends in Pharmacovigilance.
- Seminar on Emerging trends in herbal cosmetics
- Workshop on Modern Instrumentation Techniques
- Hands on Training on Structure Elucidation Techniques Contact Person
